Cal Expo Backstretch Water and Waste Management Agreement

*This agreement is a required addendum to the stall application and conditions of stall agreement. No Stall agreement is valid without execution of this agreement.

Grounds Maintenance

- Applicant agrees to be responsible for cleaning the areas in and around their stalls and notifying all persons in their employ of all maintenance procedures.
- Responsibility shall extend from the center line of the area between the barns to the edge of the road.
- The area shall be kept clean at all times from any straw or manure droppings.
- Applicant shall be responsible to ensure that all waste straw and manure is transported to the waste handling buildings and that there is no spillage of any kind.
- At no time may waste straw or manure be dumped outside the waste facility.
- Water runoff to the roadway is strictly prohibited.
- Washing of horses and equipment may be done in designated wash bays only.
- Nozzles are required on all hoses.
- Sun pens must be kept clean at all times.
- Manure must be dumped as far back in the bin as possible (no short dumping).

Enforcement

- Violation of procedures will result in written warning.
- Two written warnings are grounds for stall agreement revocation.
- Applicants are liable for penalties imposed by any state or federal agencies for violation of storm water practices.
- Applicant agrees to follow the above practices along with new requirements as they develop.
